

Carnival Sail-a-Thon Webcast Details—

Tuesday, November 10, 2009 6:00 p.m. – 12:00 a.m. Central

Make your Carnival Sail-a-Thon party extra special this year with these sure-fire tips!

1. Host a party in your home by inviting all your clients over to watch and participate in the live webcast! (Find customizable invitations in your Travel Portal!)
2. Theme your party to keep the atmosphere festive! Get creative—Try an icy-blue winter theme where guests wear holiday sweaters (Add a twist and ask guests to wear their ugliest holiday sweater!), or plan a winter escape for your guests by encouraging them to wear their favorite Hawaiian shirt or vacation attire!
3. Invite your friends to your party via Facebook. (They can even RSVP right on the page so you know who is coming!)

Be part of the webcast through Kim's Facebook page! Here's how:

On the night of the event, be sure to have Kim's Facebook page available. Get your guests involved by—asking questions, answering our polls, sending in pictures of your party, and so much more! We'll have a member of the creative team on the page during the entire broadcast!

But, that's not all!

Host the most festive party, and you could win a prize! We'll even send you a party shout out on the live webcast. But only if you tell us as a fan of Kim's Facebook page! If you haven't become a fan yet, do so before November 10 by going to www.facebook.com/JKimSorensen!

Win Prizes!

Play along with Carnival Trivia! Have your guests email you their favorite picture while aboard a Carnival Cruise, and they just might be selected! After collecting pictures, forward them to november10@ytb.com for entry.

Don't want to host a party?

1. Host an e-party!
2. Invite your friends on Facebook to tune in to the live webcast at home.
3. Let them know you'll be available to chat during the event to answer any of their questions.
4. Apply a fun theme to the event! (Make it a pajama party!)
5. Partner with other Site Owners to interact on each other's Facebook walls. Post pictures to share vacation memories, play Carnival trivia along with the webcast, and encourage interaction with those tuned in to your e-party.
6. Make it fun! Update your status while you're watching the Sail-a-Thon to entice others to tune in!

You can even host an e-party after your get-together for everyone who couldn't attend.

Have Fun!
